

How to Register the DTP PMB Chronic Care Programme

Accessing chronic treatment through the DTP PMB (Designated Treatment Pair Prescribed Minimum Benefits) programme requires collaboration between members and healthcare providers. Below is a simple step-by-step process to guide you through the registration.

1.

Consult with Your Doctor

Schedule a consultation with your doctor or General Practitioner (GP) to confirm your diagnosis.

2.

Complete the Application Form

Once the diagnosis is confirmed, your doctor must complete the DTP PMB application form available on the Medshield website at <https://medshield.co.za/members/scheme-forms-for-members/>.

4.

Review and Feedback

Mediscor will review the application and provide initial feedback to you, your provider, or your broker.

3.

Submit the Form

Your doctor must submit the completed form to Mediscor at medshieldapmb@mediscor.co.za.

5.

Check for Validity and Classification

Mediscor will verify the application to determine whether your request qualifies for DTP PMB or CDL chronic treatment. If it's for chronic treatment, instructions will be provided to send the form to medshieldsauths@mediscor.co.za.

6.

Processing the Request

If the application is classified as a DTP PMB request, Mediscor will use clinical guidelines to review and finalise the request.

8.

Annual Renewal

Ensure your DTP PMB treatment care plan is registered annually to continue receiving the necessary treatments.

7.

Outcome Notification

You and your doctor will receive the outcome of your request. Mediscor will issue a confirmation PMB letter and a treatment care plan if approved. If denied, detailed feedback explaining the decision will be provided.

By following these steps, you will receive the appropriate chronic care under the DTP PMB benefit.
