# Waiting Periods

**A General Waiting period will be applied for all newly incepted Mediclinic Extender plans, irrespective of whether you are an existing member.**

Waiting periods may apply from you and your dependants' cover join date, however not to accidents which occur subsequent to your join date. Your Policy schedule you receive upon activation will outline the waiting periods for each insured on your policy.

**3 month general waiting period** - there is no cover during this period, except for accidents that occur subsequent to your and your dependants' cover join dates.

**12 month pre-existing medical condition waiting period** - there is no cover during this period for investigations, medical procedures, surgeries or treatments related to any illness or medical condition diagnosed, or for which advice of treatment was received 12 month prior to your or your dependants join dates.

## Understanding your Waiting Periods

**The waiting periods for Sanlam Gap are as follows:**

- 3 Month General Waiting Period
- 12 Month Condition-Specific Waiting Period

### **Moving from another Gap provider?**

You can easily move from your previous Gap cover to Sanlam Gap. In order to ensure that the waiting periods are applied fairly and in line with the below, we suggest that you do not allow for a break in your cover.

If there is no break in cover, then the unexpired portion of the waiting periods from the previous policy will be applied to your Sanlam Gap Policy when you move over and if you already completed your waiting periods on your previous Gap cover, no waiting periods will apply on Sanlam Gap.

### **What are the waiting periods for Employer Groups joining Sanlam Gap?**

- Waiting periods are determined at take on - waiting periods will either be applied; waived or reduced.
- Policyholders who join Sanlam Gap on a voluntary basis through their employer group will receive full waiting periods.
